

Section I – Mission Statement

The mission of the Greater Hartford Ryan White Part A Planning Council is to determine priorities for how Ryan White Part A funds are allocated based on the documented needs of the HIV/AIDS communities within the TGA. It is the responsibility of the Council to assure that all infected and affected communities and populations of the TGA are represented on the Planning Council.

Section II – Goal and Objective

The goal of the Greater Hartford Ryan White Part A Planning Council is, through its needs assessment and planning processes and through the allocation of funding, to create a seamless continuum of care that addresses the needs of the infected and affected populations of the three counties it is charged to serve. Its major objective is to ensure access to core medical services.

Meeting Facilitated By: Andre McGuire and Maria Lorenzo

Recorded By: Marie Raynor - Support Staff

Wednesday March 3, 2024, Planning Council Meeting

Maria Lorenzo, Planning Council Co-Chair, called the meeting to order and welcome participants to our first in person meeting and the first meeting for FY 2023-24. Andre McGuire, Planning Council Co-Chair called for a moment of Silence. Maria continued by asking attendees to introduce themselves, reviewed the ground rules and informed them that meeting will be recorded for notes taking purposes. The review of the February minutes was approved with corrections.

- I. Review & Approve March 2024 Meeting Minutes & Evaluations
- II. 12: 20 p.m. Presentation -Jennifer Krebsbach Gilead
- III. 12:30 p.m. Where we are now and Next Step.
- IV. 1:00 - 2:00 p.m. Breakout Session Priorities and Needs Assessment and Evaluation Committees
- V. 2:00 p.m. Committee Updates
 - a. Continuum of Care Committee – PDSA- This is our first cycle-the data shows Dental is 36%- Presentation from Dental Department DSS- Husky Health. Available for Presentation.

[01:50:20 - 01:58:10]

The meeting begins with expressions of gratitude and acknowledgments. Members engage in brief exchanges regarding updates and actions taken since the previous community meeting.

Attention then turns to reviewing the minutes from the March meeting. Members are asked if they have received the minutes and if they have had an opportunity to review them. After a brief pause, a motion is made to approve the minutes, followed by a call for a second and a unanimous vote in favor.

With the minutes approved, the meeting proceeds to committee reports.

The discussion begins with an emphasis on the continuum of care, highlighting its importance in evaluating the quality of care provided. This encompasses various aspects such as measures, virus suppression, dental care, and psychosocial support.

[01:58:33 - 01:58:46]

The focus shifts to assessing how effectively these elements are being implemented, including plans for improvement. Specifically, attention is drawn to the TGA wide dental PDSA, with acknowledgment of progress made and areas needing further attention.

[01:58:46 - 01:58:58]

During the meeting, a presentation on the status of dental care is delivered, indicating both achievements and areas requiring improvement. The need for continuous enhancement is emphasized, particularly in addressing low rates of dental care among specific demographics, such as those with HIV.

[01:58:58 - 01:59:32]

Efforts to improve access to care, particularly for Medicaid recipients, are discussed based on a presentation from a representative of the state's Medicaid department. Attention is drawn to the importance of focusing on children and younger adults, as well as the aging population living with HIV.

[01:59:32 - 02:00:18]

The importance of continued focus on specific populations, particularly older individuals and those with HIV, is reiterated. The representative from the state provides resources and emphasizes the availability of support services, underscoring the need for ongoing collaboration and communication.

[02:00:18 - 02:00:44]

The meeting concludes with plans for potential future presentations, including inviting the state representative to provide further information on available resources. The importance of accessibility and outreach efforts is highlighted, with mention of a contact number for additional assistance.

02:02:56 - 02:03:16]

Following the discussion, attention is directed towards clients who have completed their surveys. Medical case managers are reminded to consult with Dadie afterward to obtain packages for these clients, as well as for those they will be assisting in the future.

The membership committee then addresses the Reflectiveness chart, emphasizing the importance of aligning with the demographics of the population served. Specific targets are outlined, including the representation of males identifying as Hispanic or transgender, black women, and other relevant demographics, underscoring the need to meet specified numerical goals.

[02:05:18 - 02:05:39]

A reminder is issued to all voting members to check their emails for important information. They are encouraged to be prepared to fill out a survey during next month's meeting, which will assess the effectiveness of support staff in serving the Ryan White community.

Additionally, members are reminded to complete any outstanding tasks, including homework assignments.

[02:05:39 - 02:06:21]

The discussion transitions to the priority needs assessment. The completion of a letter to the Department of Public Health (DPH) requesting data to initiate this year's priority setting process is noted. Further details are provided regarding the HIV surveillance requests handled by Marie.

Afterward, an in-depth discussion takes place concerning plans for the future, particularly focusing on advancing efforts for prevention. This includes preparations for an upcoming workshop presentation involving the community, as well as assembling packets for outreach workers and EIS staff.

[02:06:21 - 02:07:16]

Plans for the multicultural care team are briefly mentioned, although the team representative is not present at the meeting. Further details or updates regarding this matter may be provided in subsequent meetings.

[02:08:59 - 02:09:53]

An announcement is made regarding a recruitment effort led by Louis. Members are informed of their involvement in assisting with a prep awareness survey conducted by an NPA student from Yale. The survey targets black women and transgender individuals aged 18 and older residing in Connecticut.

[02:09:53 - 02:10:47]

Details of the survey process are provided, including the questionnaire format and recruitment criteria. Members are encouraged to participate or refer eligible individuals, with emphasis on

the importance of gathering feedback to inform statewide treatment care plans, particularly for demographics with low uptake such as black women.

[02:10:47 - 02:12:45]

Further instructions are given for accessing recruitment materials, including the circulation of flyers by Marie and contact information for participation. Additional announcements include upcoming events, such as a test event on May 17th and youth HIV awareness activities. Members are encouraged to register for the Ryan White national conference, either online or in person.

[02:12:45 - 02:14:04]

Discussion shifts to dental coverage provided by the TGA for undocumented individuals, with clarification on the associated costs and application process. Erica is tasked with disseminating contact information for further inquiries.

[02:14:04 - 02:15:57]

Various announcements are made regarding upcoming events and opportunities for participation, including screening events and the Ryan White national conference. Members are encouraged to engage in discussions and provide input for future agenda items.

[02:15:57 - 02:31:03]

The meeting concludes with administrative remarks and expressions of gratitude. Members are encouraged to follow up on action items and announcements as necessary.

- b. Evaluation Committee – Review AAM- May 1st.*
- c. Membership Committee -Reflectiveness chart is 31% White and Hispanic Males.*
- d. Multicultural Care Team – Meeting tomorrow- Zoom link*
- e. Positive Empowerment Committee – No meeting to continue with this months agenda.*
- f. Priorities Need Assessment Committee – Data Request to DPH – Packet for PrEP-*

VI. 2: 30 p.m. Public Comments, Announcements & Other Business

Lin Kelly, Regional network manager – Access to Care to provides

WEBVTT

01:50:20.000 --> 01:50:50.000

Thank you. Yeah, Okay, Yes, Okay. Okay, Oh, no, You see China. Good.

01:52:58.000 --> 01:53:28.000

Okay. Okay, You know, Right. We Okay. There's the desk phone, we, we were definitely able to get, some, some, some solid work done after your, community meeting.

01:55:25.000 --> 01:55:45.000

So thank you for that. So now that we have returned one of the things we didn't do was to, so now that, we have returned, one of the things we didn't do was to, go over the Does everyone have the minutes?

01:55:45.000 --> 01:55:56.000

It was this did anyone that you all have a team that's gonna look over us voting members? Anyone?

01:55:56.000 --> 01:56:07.000

1 7 8. Yeah. So the March, Wednesday, March 6 min starts on the back of the first page.

01:56:07.000 --> 01:56:10.000

Start clear.

01:56:10.000 --> 01:56:16.000

Okay.

01:56:16.000 --> 01:56:20.000

I give you a couple of

01:56:20.000 --> 01:56:34.000

Minutes to be over it. Too much. Okay. Yeah.

01:56:34.000 --> 01:56:50.000

Okay. Let's see. Okay.

01:56:50.000 --> 01:56:57.000

Okay.

01:56:57.000 --> 01:57:05.000

Okay.

01:57:05.000 --> 01:57:12.000

Yeah.

01:57:12.000 --> 01:57:33.000

It's not. Okay, Okay. You're looking at Okay. No, I like to make a motion that we approve the minutes as follows.

01:57:33.000 --> 01:57:55.000

No, and made a motion to approve the minutes. Do we have a second? De So all of Oh, minutes.

01:57:55.000 --> 01:58:02.000

Okay, And the extension?

01:58:02.000 --> 01:58:10.000

Unanimous. Okay, thank you for that. Next we have the committee, reports.

01:58:10.000 --> 01:58:25.000

I'll start with the continuum of care. So, you know, the continuum of care is to really keep in tune to focus when it how well we're providing care.

01:58:25.000 --> 01:58:33.000

Measures, virus suppression, dental, all those health things and social, psychosocial. As well.

01:58:33.000 --> 01:58:46.000

How do we doing that as well as the, the, plan? So, One of the things that we've been, looking at and overseeing is the, the TGA wide dental PDSA.

01:58:46.000 --> 01:58:53.000

So at our meeting we did get a presentation on how far we've come. We still got some work to do.

01:58:53.000 --> 01:58:58.000

And it was noted, by diving, you know, that, you know, this is our first cycle, but it should always get better.

01:58:58.000 --> 01:59:11.000

Because the number still looks low, although it has raised a little bit as far as big people, having dental care.

01:59:11.000 --> 01:59:32.000

I think with moved to 36%. And now at least it's being documented in care where that you know we have proved that 36% of the people we serve which is extremely but for a poor people and people of color, it's indicative, but when you do exactly with HIV, it's even lower.

01:59:32.000 --> 01:59:59.000

So we definitely need to keep working on that. And we did have a presentation. From, a Husky, you know, Medicaid, the state actually had the department that is, Okay, for, people that receive Medicaid or Hunting, but they're saying, people that receive Medicaid or for the state of Connecticut, make sure they tend from her presentation she gave

01:59:59.000 --> 02:00:15.000

us the focus on your little kids and younger kids and of course you know I did mention to her the HIV are we're an aging populations close to 70% of folk living with HIV are now at the age of 50 and over.

02:00:15.000 --> 02:00:18.000

So, you know, we, and then we have older, younger adults as well. So we need to continue to focus on that population for us.

02:00:18.000 --> 02:00:25.000

So, we need to continue to focus on that population, for us. So she was good.

02:00:25.000 --> 02:00:44.000

She actually gave some kits. From the state, here, there's a number on there that, you know, one of the things we found out and maybe she'll come in and do her presentation here is that there's a number that you can call.

02:00:44.000 --> 02:00:57.000

So if someone has like, or even a family member, cause I just aren't resources for my family and a family member because I use our resources for my family and everybody, right?

02:00:57.000 --> 02:01:11.000

That, these aren't the resources for my family and everybody, right? That if they need a lot of dental care, they have dental navigators with the state of Connecticut that will navigate them through all of that, that extra work that they need and make sure that it's paid for cover and things of that nature.

02:01:11.000 --> 02:01:20.000

So, so these are the numbers. On the back of here and also if they had a clean and if they qualified for another cleaning or something's already been built and then I think they need some work.

02:01:20.000 --> 02:01:30.000

They can they can also call sort of like for private insurance that number on the back of the card that we can call for tools and make sure that we have access to certain things. That's the same thing.

02:01:30.000 --> 02:01:47.000

With dental care. So, hopefully we'll have her come in to do this presentation, but it was nice to know that there's something specifically here to oversee the dental care.

02:01:47.000 --> 02:01:59.000

I just start if you got medicating. Nobody's really paying attention to the different things that you need, but there is a specific department for the state for dental care for people on Husky and Medicaid.

02:01:59.000 --> 02:02:00.000

So, that's what we have, which is very interesting at our meeting, for the consumer. Okay.

02:02:00.000 --> 02:02:17.000

And just for clarified. Their package is actually this. This is our TGA Contin of Care package that we're handing out to These.

02:02:17.000 --> 02:02:29.000

First to the clients who actually completed their surveys. So medical case managers work here. You need to see Dadie afterwards to get your packages for those clients and the clients you are going to be dealing with.

02:02:29.000 --> 02:02:37.000

All right, it's finally here.

02:02:37.000 --> 02:02:56.000

So, that's for that. The membership committee. We, we didn't meet, we're pretty much up to power as far as our, what do you call that current?

02:02:56.000 --> 02:03:16.000

The membership committee covered Reflectiveness chart because remember we are held to reflect the population we serve so we have to have so many male, who identifies male Hispanic or transgender black women and that type of stuff a certain amount of numbers that we have to hit.

02:03:16.000 --> 02:03:22.000

So we're in good shape. Me more mail on that. we still need Latinos.

02:03:22.000 --> 02:03:35.000

All right. That we're under number for that and we're under number for I'm sorry I'm looking at you but we're under We're under number for, white males decide, you know, God bless you, boy.

02:03:35.000 --> 02:03:50.000

We so bad. We're under the our numbers for white. Now, so please, you know, help us to, reach out if we can.

02:03:50.000 --> 02:03:53.000

So please, you know, help us to, reach out if we could that population really both.

02:03:53.000 --> 02:04:01.000

So please, you know, help us to, reach out and because that population, really those population are there because that the population really both population are there because that the voice needs to be at the table.

02:04:01.000 --> 02:04:18.000

That population, really those population are there because that the voice needs to be at the table. And right now we don't have enough, especially the next one is the positive empower man committee.

02:04:18.000 --> 02:04:38.000

We really didn't need today. We're looking at that brochure. We're going to use that as homework, to see if we need to change anything on the brochure that, the outreach to people to come and be a part of the obtaining council or as he's coming to be a part of the public of the to bring the, voices from the community.

02:04:38.000 --> 02:04:54.000

The other one is the evaluation committee and act. Melinda. They do.

02:04:54.000 --> 02:05:03.000

As. MEAN. That survey is designed. That's the board and the work of the pet.

02:05:03.000 --> 02:05:18.000

Okay. Good next week to our number to hopefully unmade first. No, the, 3, 3, 3.

02:05:18.000 --> 02:05:39.000

So look for your emails, all voting members. So when you come on May first, next month's meeting, you're ready to fill that, that survey out and that survey is assessing our support staff, how well you sell on the support staff has been supporting the Ryan White.

02:05:39.000 --> 02:05:46.000

Alright. The other thing, so do your home, remember that last thing on the list of stuff to do.

02:05:46.000 --> 02:06:04.000

Do your homework. The next thing is the priority needs assessment. So today we talked about, we completed the letter to DPH requesting data, to begin this year's priority setting process.

02:06:04.000 --> 02:06:21.000

We went over that and the HIV surveillance requests on the website that Marie completes for us and then we just discuss a little bit more in depth after we had our ad hoc committee having to do with, our plans.

02:06:21.000 --> 02:06:36.000

4 crap moving forward, not just for but definitely the focus on preferring. So we started to talk about our future workshop presentation that we're gonna have involving.

02:06:36.000 --> 02:06:46.000

The community. And, discuss what we're going to have in packet for outreach workers, our EIS staff.

02:06:46.000 --> 02:07:04.000

To or at any of the sites really as we're doing. Some, and Angelique mentioned peers as well, folks who can go in the community and we'll have like an actual packet together of the updated prep providers of the all the materials that Lewis sent over to us.

02:07:04.000 --> 02:07:16.000

So that we can move forward on that end too. Okay. Okay, and last is the, multicultural care team. The, is not here.

02:07:16.000 --> 02:07:24.000

You have a update. I will be sending out and. Zoom link for tomorrow's meeting.

02:07:24.000 --> 02:07:33.000

Please somebody if you haven't seen it, remind me. We will be meeting tomorrow. And hopefully she'll be there.

02:07:33.000 --> 02:07:40.000

To lead the meeting. Okay. I might have I have no idea what day of the week it is.

02:07:40.000 --> 02:07:51.000

Who is on first? Who is on second? That's where I'm at. Okay.

02:07:51.000 --> 02:07:58.000

Okay. So, are there any,

02:07:58.000 --> 02:08:07.000

Okay, I have I have a, I have a.

02:08:07.000 --> 02:08:13.000

Oh, maybe not. Okay, no, you didn't. That's my own.

02:08:13.000 --> 02:08:30.000

Right, so we have public announcements now or. Anything. Any feedback, anything you want to say or are you having any activities?

02:08:30.000 --> 02:08:35.000

Pet again?

02:08:35.000 --> 02:08:45.000

So.

02:08:45.000 --> 02:08:48.000

Hmm.

02:08:48.000 --> 02:08:59.000

This is where it's up. So speaking of I'm doing this for recruitment on behalf of, my friend Louis.

02:08:59.000 --> 02:09:03.000

I mean, a few of us, we're working with the NPA student. Out of Yale who is doing a prep awareness survey.

02:09:03.000 --> 02:09:05.000

And so Danielle and a few of us are part of a little cohort to help recruit.

02:09:05.000 --> 02:09:21.000

So black women assist gender with maybe to take part in this type of awareness survey. So essentially it's a She has a questionnaire.

02:09:21.000 --> 02:09:29.000

That she will do like a phone or a zoom interview with. And I just both 10 black women in this room.

02:09:29.000 --> 02:09:38.000

I make one of them, right? So if you are in You see, we are looking for black or African-americans, since are transgender women.

02:09:38.000 --> 02:09:46.000

8, 18 and older residents of Connecticut. That's the criteria. Literally, even if you're like, yeah.

02:09:46.000 --> 02:09:53.000

I can I do it? It could be you. So like literally if you want to take part it really is.

02:09:53.000 --> 02:10:03.000

So what we, I will have Marie. Do is also circulate the flyers through the Lister so you can find your quiet.

02:10:03.000 --> 02:10:09.000

So, but again, if it's for you, your friend, like there is no limitation on who can take part.

02:10:09.000 --> 02:10:16.000

Over the simple criteria so you're yourself and there is an incentive that you see so I just This is a very important.

02:10:16.000 --> 02:10:28.000

Thing, we need feedback. The proper awareness is on our statewide treatment care plan and we're trying to do a whole host of things around, especially because we know uptake is low for a certain subset.

02:10:28.000 --> 02:10:44.000

So demographics, including black women. Thank you. Yeah, so we'll send that out.

02:10:44.000 --> 02:10:47.000

I'll have to resend it out or you can, so let me know if you have people.

02:10:47.000 --> 02:10:49.000

I'll have to resend it out or you can, so let me know if you have people when I can put it to you right now.

02:10:49.000 --> 02:11:00.000

I think you want to get status. You need to know this executive though, right? Okay. Okay, yeah.

02:11:00.000 --> 02:11:06.000

Well, I'll send it. I'll send it out if you wanna see me at the back.

02:11:06.000 --> 02:11:09.000

I have my laptop. I'll send it. I'll send it out. If you want to see me at the back, I have my laptop.

02:11:09.000 --> 02:11:16.000

I literally continue to find it now. And then, 's email and contact us on there so she'll take it from there, I have my laptop, I literally continue to fly now.

02:11:16.000 --> 02:11:19.000

And the Anna's email and contact is on there so she'll pick it from there. Okay.

02:11:19.000 --> 02:11:25.000

But if you have people, Okay.

02:11:25.000 --> 02:11:34.000

The. I'll be with the record on my 3. She's doing it now.

02:11:34.000 --> 02:11:50.000

Oh, so we have our, I'm sorry this month, May, May, As there, you'll be posting a test event on the seventeenth.

02:11:50.000 --> 02:12:05.000

And, sites here who probably If you're not interested in participating this year, please do.

02:12:05.000 --> 02:12:23.000

Raise your hand. And you wanted to say this, Let me email and we'll be meeting 100 person meetings on.

02:12:23.000 --> 02:12:37.000

Let me, on the So send me an email and you'll be invited to that. So we'll be doing screening of 10 min to 3 and then and more vaccination for attendance A and B.

02:12:37.000 --> 02:12:41.000

Thank you.

02:12:41.000 --> 02:12:45.000

Okay.

02:12:45.000 --> 02:12:55.000

Anything else? Well, youth HIV, awareness is also coming up this month.

02:12:55.000 --> 02:13:16.000

And the positive requirement committee, will be, at, around the Boys and Girls Club in New Britain as well as, oh, oh, I see, you know, We have done, adults and youth there.

02:13:16.000 --> 02:13:23.000

And, we will be, you know, given information, if you want to do some testing or something like that.

02:13:23.000 --> 02:13:38.000

Dock out. Is the sixteenth? We'll send it out. And, yeah, so you can come and, hang out with us at the PDC in case any of the get, tested.

02:13:38.000 --> 02:13:47.000

So we're doing that for you HIV, awareness that we, my, our program, you, we do something in hard for.

02:13:47.000 --> 02:14:04.000

So, you'll bring gets overlooked a lot. So we, the PC decided to concentrate on, in the county of, Oh, the national conference.

02:14:04.000 --> 02:14:24.000

Anybody, going to the wine white national conference online or a person? Oh, no, I'm like to go and trust me they're not being Oh, so we should be online. 90%.

02:14:24.000 --> 02:14:27.000

You had the register if you were, oh, name was put in for, as a present.

02:14:27.000 --> 02:14:29.000

You had the register if you were, oh, name was put up for, as a presenter.

02:14:29.000 --> 02:14:30.000

Where is it? It's in Washington, DC. So they, they just hybrid though.

02:14:30.000 --> 02:14:48.000

So you can attend online or in person, you know, programs receiving funding, especially if you're your program or seems to receive funding as a recipient.

02:14:48.000 --> 02:14:57.000

Main is directly funded through like, Ryan White F or something like that. They ask that you put aside, you budget funding to send staff or people or even consumers to represent that.

02:14:57.000 --> 02:15:11.000

Your agency under that part. So, so it's a big, deal. You learn a lot.

02:15:11.000 --> 02:15:21.000

Brian White's mother used to be there every year. She's still kicking, you know, fighting, raising money, raising awareness.

02:15:21.000 --> 02:15:24.000

So she's usually there at the speaker so you wouldn't get to meet, Ryan White's, mom.

02:15:24.000 --> 02:15:29.000

So, and they have other, folk that speak. It's really a, a really good conference.

02:15:29.000 --> 02:15:45.000

If, if you have it, then at least register to attend online. Because it doesn't cost anything to do that.

02:15:45.000 --> 02:15:57.000

So. So any other, announcements or? Any partners on issues, any things you, you all feel we should be discussing or?

02:15:57.000 --> 02:16:06.000

Putting on our agenda in the future. Okay, so where's the QR code? You have it?

02:16:06.000 --> 02:16:36.000

Hmm. It's on the agenda. This agenda, little though, this agenda right here. You know, for your use and Okay, Oh, that you won't understand.

02:16:59.000 --> 02:17:28.000

Exactly. The all. She wants.

02:17:28.000 --> 02:17:40.000

One No.

02:17:40.000 --> 02:18:09.000

Well, Good time. Yeah, Okay, Okay. Okay. You're good.

02:18:09.000 --> 02:18:39.000

When you're on your open, Okay. Well, Well, Oh, I was just told to, let everyone know in the TGA that that Tee, Ryan Whitecard, ATGA is covering dental coverage.

02:18:44.000 --> 02:18:58.000

Well, I'm documented individuals. The TGA is gonna be covering both covers dental coverage.

02:18:58.000 --> 02:19:28.000

Well, the, We wanna change you. We, have to clarify. Okay, I'm just gonna combine that cause those who were at the half half training last week, this is the same thing that I was talking about, cause those who were at the CAF training last week, this is the same thing that I was talking about in that you can just submit those premiums for assistance to act like you normally would for any other health insurance premium cost

02:19:38.000 --> 02:19:49.000

sharing assistance. Need so it's What you're looking at me confused Ruth. Just the same thing as it would be for any other Hip request.

02:19:49.000 --> 02:20:08.000

So it's typically it's typically \$1,200 for the year. Now if If your client, because it's we're focusing on those who are undocumented, if your client is in need of an extended cap, I mean, I think in this instance, Angelique would probably allow us to request from her special approval should it be needed.

02:20:08.000 --> 02:20:17.000

To cover because we're, focusing on this, this, you know, priority for the PDSA for the dental costs.

02:20:17.000 --> 02:20:28.000

So. You know, Yeah, she's still on here. Angelique, did you need to add anything?

02:20:28.000 --> 02:20:35.000

She said, \$43 per month.

02:20:35.000 --> 02:20:36.000

And we actually, Erica will send out the,

02:20:36.000 --> 02:20:41.000

\$43 a month. Thank you. Yes, Angela.

02:20:41.000 --> 02:20:47.000

Erica, you, you will send out the contact information because we just wanted to make sure that there was a clear path.

02:20:47.000 --> 02:20:49.000

So we selected one person that they can all go through so that there's no

02:20:49.000 --> 02:20:56.000

Yes, yes, yes. Yes, and that's going out with actually let me send that message to Brendan.

02:20:56.000 --> 02:21:26.000

That needs to go. How is it? You. So, Alright, Do you have?

02:21:34.000 --> 02:22:04.000

How long? You know, Basically, No, Okay, that's the basic Yeah, Actually, Okay.

02:22:21.000 --> 02:22:36.000

Oh, you're right. Different clarify, is there a cat? He's saying that she's 1, \$43 per month is what she's been seeing for the cost of dental coverage per month.

02:22:36.000 --> 02:22:54.000

Yeah, I never do because I go on steering and I'll give my I'll say whether something was good or bad.

02:22:54.000 --> 02:23:24.000

I don't normally have an issue running my mind. Okay. We see Okay, I think in everybody, right?

02:23:32.000 --> 02:23:49.000

Okay. Oh, Hmm. You are 8 or. 1 9 9 9 9.

02:23:49.000 --> 02:24:00.000

Yeah, Oh, Please, sir.

02:24:00.000 --> 02:24:30.000

So, Okay, and I know it should be too. Okay. No problem. Well, Okay, Oh, Okay, 8 0.

02:24:39.000 --> 02:25:09.000

Oh, Hey. You know, Oh, Today is the planning council meeting. We are. Thanks.

02:25:09.000 --> 02:25:39.000

Okay, Why don't you? Okay, no, Yeah. Right that voice to the Yeah.

02:26:50.000 --> 02:27:20.000

Yeah. Yeah, I get back to the Good luck. I was, All Oh, good, good.

02:27:25.000 --> 02:27:53.000

Take me all a little Well, when you That's better. Exactly. Thank you.

02:27:53.000 --> 02:28:23.000

I don't, I don't, Okay. Okay. And, right up. Yeah, it was just a little bit.

02:28:25.000 --> 02:28:45.000

Would seem to be working remotely by that. Yeah. Thank you. Just a little, you know, it's like, don't think about me.

02:28:45.000 --> 02:28:59.000

Thank you. Okay, I told her it's like, it should probably check about putting out all the boxes.

02:28:59.000 --> 02:29:29.000

Oh, Yeah. Yeah, it looks like I said, I think we used to Yeah, I'm talking, Yeah, Okay.

02:29:31.000 --> 02:30:01.000

Okay, I'll have to have them whenever. Okay. Yeah, Okay, Thank you. Okay, Okay.

02:30:33.000 --> 02:30:43.000

Okay. Yeah, Yeah, Okay, you're listening. Okay. I wouldn't I sure will.

02:30:43.000 --> 02:31:03.000

Also.
